# Required Bill of Sale

## Instructions -- April 2021, SGLLC

*When purchasing a group of goats that have the same data except for ear tag, only one row needs to be filled and the ear tags may be listed separately.*

**Breeder**

This is the breeder (not the owner) of the goat being sold. If you do not know then contact SGLLC. It is nearly impossible to verify goats if the breeder is not known. We recommend purchasing goats from SGA Verified and SGR Certified Listed Breeders.

**DOB/Year**

If the actual Date of Birth is not known then we are looking for the year. Otherwise look at teeth and take an educated guess.

**Sex**

Sex of the goat being sold.

**Dam Breeder/Bloodline(s) or Tag or Registration #**

The breeder and bloodline of the Dam and Sire is essential to register a goat as a particular bloodline. Otherwise the goat will be registered as a PSG -- Pure Spanish Goat on the Dam and/or Sire side. The Dam and Sire are part of tracking genetics and purity of the Breed -- we are not asking for the actual goat Dam and Sire, just the breeder of the Dam and Sire and bloodline. If the breeder of Dam is not known then contact SGLLC. If you know the registration number of the dam then just list that.

**Sire Breeder/Bloodline(s) or Tag or Registration #**

**Register y/n/?**

The Seller/Breeder has to indicate they agree to the DNA Registration of the goat(s) being sold in order for SGR to accept samples on the goat(s).

**Signature of Guarantee**

In order for the BOS to be valid, the seller/breeder must sign the document. If for some reason this is not possible, the seller/breeder may contact SGLLC.

**Required Bill of Sale Templates can be found on the SGLLC WEBSITE ~ [www.spanishgoatsllc.com](http://www.spanishgoatsllc.com)**
